

Help prevent the spread of

Invasive Species

Join the Leech Lake Band of Ojibwe Division of Resource Management and Leech Lake Tribal College (LLTC) for these free workshops to learn more about invasive species and management strategies in the region. Each workshop will focus on a specific group of invasive species – you can come for one or attend the entire series!

Dates: Tuesday, May 22nd
Tuesday, May 29th
Tuesday, June 5th
Tuesday, June 12th

Time: 5:00-7:00pm

Location: We will meet in room 117 at Leech Lake Tribal College. If weather permits, we will hold an outside component. Please DRESS ACCORDINGLY. Transportation will be provided from LLTC if we travel outside of the immediate area. **Registration NOT necessary. For more information contact: Kate Hagsten**

Join us for *free workshops* to learn:

- What an invasive species is and why they are detrimental to the environment.
- How to identify invasive species on the Leech Lake Reservation.
- How to report sightings of invasive species.
- What we can do to minimize or eradicate invasive species.

Protect our Land and Water
